PROFESSIONAL SUMMARY

Motivated and detail-oriented Full-Stack Web Developer with a strong foundation in modern web technologies gained through an intensive coding bootcamp. Skilled in building responsive, user-friendly web applications using JavaScript, React, Node.js, and GraphQL. Adept at writing clean, efficient code, collaborating in Agile environments, and quickly adapting to new tools and technologies.

PROJECTS

Recipe Finder App | Chef Buddy – AI-powered recipe generator

Live: https://chefbuddy-as26.onrender.com | GitHub: https://github.com/mellinwood1023/ChefBuddy

Full-stack app built with React, Node.js, GraphQL, and OpenAI API to generate recipes from user-input ingredients. Includes authentication, saved favorites, and responsive design.

Fred Carberry Realtor – Real estate website for a client

Live: https://fredcarberry.net | GitHub: https://github.com/mellinwood1023/FCarberry_Site

Designed and developed a responsive, modern website to showcase a realtor's brand and connect potential clients. Built with React and Tailwind CSS, integrated contact functionality, and linked to REMAX listings. Deployed via Netlify.

Word Scramble Game – Interactive React/TypeScript game

Live: https://wordscramblinggame.netlify.app/ | GitHub: https://github.com/mellinwood1023/Word_Scramble

Features timers, score tracking, and dynamic state management with Tailwind CSS styling.

Portfolio Website – Personal developer portfolio

Live: https://maggieee.netlify.app | GitHub: https://github.com/mellinwood1023/Maggie_Portfolio

Designed and developed a responsive personal portfolio using React and Tailwind CSS to showcase projects and skills. Integrated a contact form and optimized for performance and accessibility.
